AURORA RISING: BOOK ONE

www.gsjensen.com

SPACE IS VAST AND UNTAMED, AND IT HOLDS MANY SECRETS

Now two individuals from opposite ends of settled space are on a collision course with the darkest of those secrets, even as the world threatens to explode around them.

The year is 2322.

Humanity has expanded into the stars, inhabiting over 100 worlds across a third of the galaxy. Though thriving as never before, they have discovered neither alien life nor the key to utopia. Earth struggles to retain authority over far-flung planets and free-wheeling corporations while an uneasy armistice with a breakaway federation hangs by a thread as the former rebels rise in wealth and power.

Alexis Solovy is Earth Alliance royalty, her father a fallen war hero and her mother an influential military leader. But she seeks only the freedom of space and has made a fortune by reading the patterns in the chaos to discover the hidden wonders of the stars.

Nothing about her latest objective suggests the secret it conceals will turn her life— not to mention the entire galaxy—upside down. But a chance encounter with a mysterious spy leads to a discovery which will thrust Alex into the middle of a galactic power struggle and a sinister conspiracy, whether she likes it or not.

When faced with its greatest challenge, will humanity rise to triumph, or fall to ruin?

From science fiction author G. S. Jensen comes an epic tale of galaxy-spanning adventure—of the thrill of discovery and the unquenchable desire to reach ever farther into the unknown. *Aurora Rising* is a tale of humanity at its best and worst, of love and loss, of fear and heroism. It's the story of a woman who sought the stars and found more than anyone imagined possible.

Where do you run when there is no escape? Where do you turn when the enemy within is as dangerous as the enemy unknown?

The year is 2322 and humanity is under attack.

An engineered war between rival superpowers escalates even as the shadowy Metigen armada begins attacking colonies on the frontiers of settled space.

Individuals from across the galaxy fight for their own survival and to protect those they hold dear, while a group of unlikely allies race to expose a secret cabal. As the aliens draw ever closer, leaving utter destruction and death in their wake, the strongest defenders of Earth and Seneca fall to one another in a war of lies and misdirection.

Alex Solovy and Caleb Marano stand accused of terrorism and murder. In a desperate gambit to clear their names and find a way to defeat the invaders, they breach the dimensional portal at the heart of the Metis Nebula. In a strange, mystical realm where nothing is what it seems, they will uncover secrets about humanity's past and future—and one revelation which will change everything.

When faced with its greatest challenge, will humanity rise to triumph or fall to ruin?

WHAT DOES IT MEAN TO BE HUMAN?

WHAT IF THE PRICE OF SAVING HUMANITY IS GIVING UP YOUR OWN?

The year is 2322, and we stand upon the precipice of extinction.

The invading Metigen armada has decimated the eastern third of settled space in a matter of days, leaving tens of millions dead. Determined to save the heart of human civilization, Earth and Seneca at last put aside their differences to face the threat together. But even this may not be enough to stop the fleet of colossal dreadnoughts inhabited by advanced AIs.

Alex Solovy and Caleb Marano hold the key to defeating the invaders, for they know the secrets the aliens wage war to protect. Now they face a deadly gauntlet of relentless alien hunters and assassins sent to kill them before they can unleash a potent new weapon. They will risk everything in a bid to save their families, their loved ones, the entire human race—even if it means they can't save each other.

The lines blur between man and machine, ally and enemy, and soldier and civilian. In a final stand against an ancient, powerful foe intent on eradicating it from the universe, humanity comes face to face with its destiny.

HUMANITY IS SAVED. BUT ITS TROUBLES ARE JUST BEGINNING

To achieve their extraordinary triumph over the invading Metigen armada, humanity put aside its myriad of political and social conflicts and united against a common foe intent on annihilating civilization. In victory, unparalleled peace and prosperity are theirs for the taking—if they can keep hold of them.

When the secrets behind the daring plan that defeated the Metigens begin to escape the shadows, the very people who won the war find their lives in danger. Facing anti-synthetic terrorists who want them dead, power-hungry politicians who want them chained, and a rapidly dwindling number of people they can trust, the Prevos—human/synthetic meldings who shouldn't exist—must take their fate into their own hands, and with it the fates of everyone.

51 PORTALS. 51 UNIVERSES. ONE MYSTERIOUS GATEWAY CONNECTING THEM ALL

In *Aurora Rising*, humanity discovered it was not alone—but few grasp the true magnitude of the discovery. Intent on learning the purpose behind the Metigens' elaborate multiverse network, Alex Solovy, Caleb Marano and Valkyrie embark on a gripping journey through the network's portals, each one leading to a universe not their own. In a mosaic of spaces inhabited by fantastical aliens and worlds both beautiful and deadly, they will be forced to question everything they thought they knew, including the nature of life itself.

It is a time of accelerating technological change and shifting allegiances as the old rules fall away and the old balance of power is upended. A new world rises—one of unshackled AIs, indestructible starships, ethereal quantum spaces and potent new weapons—and the race is on to determine who will control its future.

“KNOW THIS: YOU NEED NOT BE AFRAID. THEY OWN THE FEAR. THEY FEAR US BECAUSE THEY BELIEVE WE ARE POWERFUL, AND THEY ARE CORRECT TO DO SO.”

The technology behind Project Noetica is on the loose. Prevos—individuals and AIs sharing a single body—are spreading across the galaxy. Now two opposing but inexorably related forces, the Order of the True Sentients and the Zelones cartel, led by Olivia Montegreu, threaten to plunge the galaxy into chaos.

OTS believes Prevos are monsters who endanger humanity, and it intends to destroy them by any means necessary. Underworld despot Olivia Montegreu, now a radically enhanced Prevo, is its doomsday warnings made flesh.

As society splinters from within and the Earth Alliance falls to reactionaries, a formidable new player emerges on the galactic stage, one not afraid to do whatever it takes to protect all sentient life—human, Artificial and Prevo.

THE METIGEN SURGED FORWARD TO ENGULF HER IN LIGHT. *I SEE YOU, ALEXIS SOLOVY.*

A galactic playground where the Metigens harness the elemental forces of space to destroy entire star systems. An alien species those same Metigens shelter from a terrifying enemy. Alex and Caleb’s exploration of the portal network reveals profound mysteries, but each one leads to more questions.

Killers and saviors. Deceivers and protectors. Destroyers and creators. Could the Metigens truly be all these things? The search for answers leads Alex and Caleb to the most shocking revelation of all—the true face of the enemy.

It is a time of accelerating technological change and shifting allegiances as the old rules fall away and the old balance of power is upended. A new world rises—one of unshackled AIs, indestructible starships, ethereal quantum spaces and potent new weapons—and the race is on to determine who will control its future.

ABYSM

AURORA RENEGADES: BOOK THREE

www.gsjensen.com

IN THE QUEST TO BE THE MASTERS OF THEIR OWN FATE, WILL HUMANITY RISE TO BECOME LIBERATORS OR FOLLOW THE PATH OF THEIR ANCESTORS INTO DARKNESS?

Alex Solovy and Caleb Marano risked everything to learn the hidden purpose behind the Metigen's multiverse portal network, but nothing could have prepared them for the answer. Humans are a genetic recreation of the Anaden, the dictators and overlords of the master universe. Aurora is a recreation of their origins, created by the Metigens in a desperate gambit to understand the nature of their enemy, and so find a way to defeat them. Instead it may turn out that history always repeats itself....

Aurora's future hangs in the balance as the Earth Alliance goes to war with itself over the right of synthetics and Prevos—human/AI hybrids—to exist. Terrorists sow chaos in a wave of bombings and assassinations targeted at any and all who shelter Prevos. The next evolution of the human species will not be so easily defeated, however. Prevos, their friends and lovers, and all those who believe freedom is the better path forward meet malevolence with ingenuity, despair with hope, violence with fortitude.

But they must move quickly to win the day, because the true enemy is closing in faster than anyone realizes, and they—humanity, the Metigens and the trillions the Anadens enslave—are all running out of time.

It is a time of accelerating technological change and shifting allegiances as the old rules fall away and the old balance of power is upended. A new world rises—one of unshackled AIs, indestructible starships, ethereal quantum spaces and potent new weapons—and the race is on to determine who will control its future.

"I'D TELL YOU TO BE CAREFUL, BUT WE WOULDN'T BE HERE IF YOU'D EVER TAKEN THAT ADVICE. NO REASON TO START NOW, RIGHT?"

For millennia the Anadens have ruled the known universe. They believe they've crafted the perfect empire, ordered and impervious to challenge. They believe the fight has been crushed out of the species they subjugate. They are wrong.

It's a suicide mission, without a doubt. Alex Solovy and Caleb Marano must steal crucial intelligence from the Anadens' central military headquarters. To succeed, they'll need to navigate a strange universe ruled by a cabal of powerful immortals, populated by aliens they've never met and fueled by technology they've never seen. They're going to need a little help—the kind of help only a suicidally defiant anarchist on the run from more than just personal demons can provide.

As Anaden agents close in, back home in Aurora humanity races to prepare. Steeled from the Metigen invasion and the rise of Prevos, no longer will they wait for doom to come to them. Forewarned the Anadens intend to crush them out of existence, humans, Artificials and Prevos join together to bring the war to the doorstep of the enemy, even as a shadowy foe re-emerges to jeopardize all they've built.

OUR UNIVERSE IS BUT A SNOWGLOBE—AN EXPERIMENT BORN OF DESPERATION AND HOPE. THE TRUE UNIVERSE IS UNFATHOMABLY VAST, TEEMING WITH LIFE AND UNTOLD WONDERS. AND IT IS ENSLAVED.

Created by ancient aliens in a daring gambit to understand the nature of the enemy, humanity is now asked to be the savior of a universe not their own. If they are to succeed, they must rise above not only their fractious past but the sins of their genetic ancestors to boldly embrace a future they never dared imagine possible.

"WE ARE YOU—THE YOU THAT YOU COULD HAVE BEEN."

The Anaden Directorate has ruled Amaranthe for millennia, subjugating species and galaxies in a neverending quest for control and order. For as many millennia, the anarchs have rebelled, defiantly claiming their own freedom yet without hope of winning it for everyone. Now, an alliance with humans offers a tantalizing chance to at last defeat their immortal masters. But can they trust an ally who looks suspiciously like the enemy?

Humanity is the genetic recreation of the Anadens, but genetics aren't everything. Humans like to make their own destiny, and they have overcome great challenges to achieve unprecedented peace and prosperity. But have their trials prepared them for the enemy they now face?

"THE BATTLE FOR THE HEART AND SOUL OF AMARANTHE WILL BE JOINED, AND WE MUST BE UNAFRAID."

Amidst the chaos of an escalating war, Caleb's bond with the mysterious diati grows ever more powerful, even as Alex's forays into the hidden dimensions of the universe lead them to unfathomable places. But when the anarchs are pushed to the breaking point and the AEGIS fleet is dealt a devastating blow, Miriam Solovy must find a way to defeat a foe wielding superior technology, firepower and numbers, or else more than one civilization will be lost.
